Product Description

Please turn on the battery switch to position "I" when you're charging.

The LED indicator of the AC/DC charger will change from Red to Green if the battery is fully charged.

Rechargeable Lithium-ion Battery Pack is designed specifically to integrate with our Light bars, Flexible LED Lights, or most 12V DC electronic device. The Lithium Ion Battery Pack can be recharged without limitations, as the battery is designed for a slow charge process (7 hours for full charge), which helps the battery pack last longer.
